**Projekt MALA ČRNA OBLEKA predstavlja eksperimentalni del projekta Fenomen Chanel, ki je del Evropske noči raziskovalcev - Humanistika, to si ti!**

V okviru projekta so sodelujoči na osnovi sodobnih trajnostnih principov oblikovali malo črno obleko, ki naj bi bila prav tako univerzalna, brezčasna, radikalna in inovativna, kot je bila mala črna obleka Coco Chanel ob svojem nastanku pred skoraj 100 leti.

Pri projektu sodelujejo študentke in študenti Katedre za oblikovanje tekstilij in oblačil, OTGO, NTF, Univerze v Ljubljani pod mentorstvom prof. Almire Sadar, prof. Nataše Peršuh, prof. Elena Fajt in doc. Petje Zorec ter slovenski modni oblikovalci.

**The project LITTLE BLACK DRESS is an experimental part of the project Chanel Phenomenon, which is a part of European Researchers' Night 2020 - Humanities rock!**

**As part of the project, the participants designed a little black dress based on contemporary sustainability principles, which should be as universal, timeless, radical and innovative as the Coco Chanel little black dress when it was created almost 100 years ago.**

**The project is carried out by students of Textile and Clothing Design, OTGO, NTF, University of Ljubljana under the mentorship of Prof. Almira Sadar, Prof. Nataša Peršuh, Prof. Elena Fajt, and Asst. Prof. Petja Zorec, as well as Slovenian fashion designers.**
